- Utilized tools such as Postman, GitHub, Git, and Figma to collaborate effectively and ensure high-quality deliverables.

## Education

### Tangail Polytechnic Institute

jun 2022-Present

Computer Science & Technology

Diploma in Engineering (Computer Science)

GPA: 3.79 (Ongoing)

☞ <https://tangail.polytech.gov.bd/>

Diploma in Engineering in Computer Science & Technology with a strong focus on software development, programming, and web technologies.

## Projects

### Q Global Living, Real Estate Platform

• Built a full-stack real estate marketplace using Next.js 16, React 19 & Tailwind CSS v4 with internationalization (EN/FR), featuring property listings, event registration, admin dashboards, and escrowprotected transactions.- Implemented complete i18n system, responsive design (mobile-first), SEO optimization, custom authentication flows (admin/client/partner roles), and performance optimization with React Compiler compliance.

☞ <https://qhomes.mtscorporate.com/en>

### Hidustan Dron Service - Web Application

• A modern role-based dashboard application with distinct panels for Admin, Employees, Customers, and Field Agents. Developed using React for dynamic UI, Tailwind CSS for responsive and modern styling, i18n for multi-language support, and Axios for seamless API communication. The application ensures smooth role-based access, efficient data handling, and an intuitive user experience across all user types.
